Rules, Terms and Conditions:

Points will be awarded based on the place an individual takes in a tournament (first, second, third, etc.) as well as the number of players and the buy-in/re-buy/add-on costs.

All poker tournaments held in a casino listed in The Cardroom's "Cardroom Directory" are potentially eligible for points, depending on the casino's participation in the program. (Only Open Events will be counted –tournaments with restrictions on who may enter are ineligible.)

"Chopped" prize pools will result in all the players in the chop receiving the same number of points – the average points for the number of players involved in the deal. Points are awarded to the top 10 percent of players (rounded up). Any chop that includes more than 10 percent of the players will result in no points awarded.

Details of how points are computed, forms for POY IDs and updated point totals, can be found online at www.thecardroom-norcal.com.

The NorCal POY "fiscal year" will run from January 1 to November 30 of each year.
